

Celebrate Fusion TV+

Alpine continues to develop offerings to keep up with the latest technology, which is why we now offer FusionTV+. We took what you loved about our traditional FusionTV and made it even better with the “plus” of streaming’s enhanced features and user experience. With FusionTV+, you’ll have access to your favorite channels along with additional entertainment options and the flexibility to watch on your TV or other devices.

If you upgrade to FusionTV+ you’ll see the following:

- If we have the channel in HD, we give it to you at no additional cost.
- FusionTV+ includes a basic Cloud DVR giving you access to 100GB of space to record your shows and watch within 14 days.
- FusionTV+ is specifically designed to work on the streaming devices you already have and know at home. That means there’s no set top box to manage, no new navigation to learn, and no add-on monthly equipment rental fees for additional set top boxes. Recommended devices include Amazon Fire TV, Apple TV, Roku, smartphones, and tablets.
- Eliminate the scheduling, waiting, and inconvenience of an appointment. After activating service, just download the FusionTV+ app and install it on the devices in your home.

Compatible Devices

Amazon Fire TV

- Stick Gen2
- Stick 4k
- Fire Cube Gen2
- Alexa Voice Remote (3rd Gen) with TV Controls, *requires compatible Fire TV device*
- Amazon Ethernet Adapter for Amazon Fire TV Devices
